

Maltego Profile | Roadmap Highlights

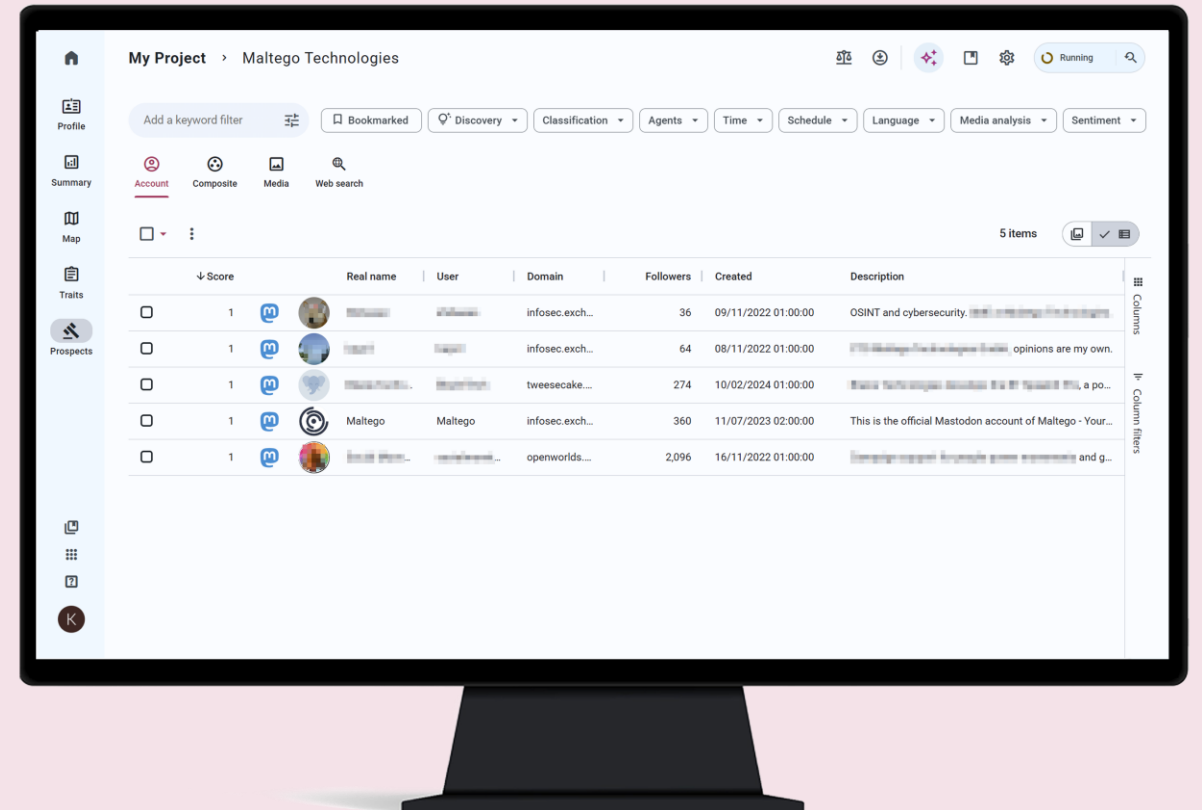

ROLLED OUT

- 1. Access Maltego Profile with Maltego ID**
 - Use the same Maltego ID to access Profile and the wider Maltego portfolio.

Move between products with a more consistent sign-in experience.

- 2. More Reliable Subject Matching**
 - Reduce incorrect matches and unnecessary manual review with improved automatic confirmation during person searches.

Clear confidence levels and explanations help you understand each match before using confirmed information to build a more complete subject profile.

Maltego Profile | Roadmap Highlights

UP NEXT

1. Access Maltego Data Pass in Profile

- Use curated data from Maltego Data Pass directly within Profile workflows. Build richer investigative context using data relevant to each product's purpose.

2. Connect Maltego Profile with Other Maltego Products

Explore ways to connect Maltego Profile with other Maltego products and support a more cohesive investigative workflow.

Reduce repeated work by making it easier to continue an investigation across relevant Maltego products.

In discovery. Let us know where connections between products would add the most value to your workflow.
